**Subject:** TD 7: Two total changes to the fact sheet

Dear Laura:

There are two small changes to the Fact Sheet under TD 7:

1. Per our correspondence below, on page one, please change 40 Part CFR 61 to 40 CFR Part 61.
2. (b) (5) - Deliberative process privilege  
[REDACTED]

I have attached a markup of Page 2. Please ignore the writing on the bottom right column. The only change on Page 2 is the one I indicated above.

Also, please remember to preserve the metadata when making the changes to the PDF.

Would it be possible to get this tomorrow? Please let me know.

Thanks for your quick turnarounds, as always!

Dear Laura:

I just wanted to give you a heads- up that I will have a few changes to this fact sheet, probably next week, and of course, I will want a 1 or 2 turnaround. The one change I know about is to change 40 Part CFR 61 to 40 CFR Part 61. (The words got transposed) Management is reviewing the text, and may some other changes, so you might want to wait to fix this one thing until I contact you.

**Subject:** RE: TD 7: Very minor changes to EPA NPRM Fact Sheet delivered last month--2 more quick changes

Dear Laura:

Thanks for the very fast turnaround on this. I apologize the drips and drops of edits but I have two more—

1. In the blue sidebar under “How You Can Participate,” in the second line, please change “the Notice” to “this Notice” (I forgot to put this in the previous email—sorry!)
2. Please correct the metadata per TD 7:

Title:	<i>Revisions to National Emission Standards for Operating Uranium Mill Tailings.</i>
Author:	US EPA, OAR, ORIA, Radiation Protection Division
Subject:	National Emission Standards, NESHAP, Proposed Rulemaking
Keywords:	Supbart W, radiation protection standards, uranium, mill tailings

Close of business Wednesday is still fine, please let me know if you need more time.

- Change Standard to Standards

Under “Limits on Air Pollution from Uranium Mill Tailings”

- In the second line, change “Emissions” to Emission

In the blue sidebar “The Rulemaking Process”—

- (b) (5) - Deliberative process privilege

Would it be possible to get these changes by COB Wednesday, February 5? Please let me know if you have questions or will need more time.

Dear Beth:

There are three more changes needed for the fact sheet to finalize it:

1. Italicize Notice of Proposed Rulemaking on Page 1 under "How You Can Participate"
2. On Page 2, change "Record Keeping" to "Recordkeeping"
3. Correct the metadata on the PDF deliverable to read as follows--

Title:	Proposed Revisions to NESHAP Subpart W
Author:	US EPA, OAR, ORIA, Radiation Protection Division
Subject:	National Emission Standards, NESHAP, Proposed Rulemaking
Keywords:	Supbart W, radiation protection standards, uranium, mill tailings

A mark-up is attached.
